**Abstract**—Relationships of species of the genus *Haplorhynchites* are considered. *Haplorhynchites venustus* sp. n. from India, similar to *H. hampsoni* and *H. viridanus*, is described. A key to, and a catalogue of species of the genus *Haplorhynchites* are given. A new synonymy is established: *H. hampsoni* Voss, 1938 = *H. metallicus* Voss, 1938, **syn. n.**
