VOLUME 60

NUMBER 6

2005

MOSCOW UNIVERSITY GEOLOGY BULLETIN

	Pages	
	Russian/English	
Structure and dynamic settings of large-scale strike-slip zones. Arc.V. Tevelev	3	1
Diamond deposits in Arkhangelsk Oblast and environmental problems associated with their development. D.V. Verzhak and K.V. Garanin	18	20
Specific features of oil and gas generation in Eastern Paratethys basins. O.K. Bazhenova, N.P. Fadeeva, Yu.A. Petrichenko, and E.Yu. Suslova	27	31
Basement weathering crust as a possible target of oil production in the northeast of the Shaim megaswell, West Siberia. E.E. Karnyushina	35	42
Geochemistry of Precambrian oil source rocks from the Leshukonsky trough of the Mezen, possibly oil-and-gas-bearing, basin. D.A. Kuz'min	45	55
<u>Brief Communications</u>		
Cyclicity in Middle Cenomanian deposits in the left-bank area of the Kacha river (Bakhchisarai district, Southwest Crimea). N.V. Tolstova and R.R. Gabdullin	57	62
Pegmatites in the Khibiny alkaline pluton. D.V. Lisitsin, A.A. Samsonov, S.F. Trufanova, and R.N. Murogova	60	66
Sorption-precipitation immobilization of heavy metals on a sulfite geochemical barrier. A.V. Savenko	67	70
