Vol. 79, No. 9, 2014

Simultaneous English language translation of the journal is available from Pleiades Publishing, Ltd.
Distributed worldwide by Springer. *Biochemistry* (Moscow) ISSN 0006-2979.

Engl./Russ.**CELL MOTILITY AND INTRACELLULAR TRANSPORT****Editor of Special Issue Prof. E. S. Nadezhdina**

Logistics in the Cell: Cargoes and Transportation

E. S. Nadezhdina

847 1059

Review

The Role of Motor Proteins in Signal Propagation

F. K. Gyoeva

849 1061

Characterization of Rabaptin-5 γ Isoform*E. V. Korobko, S. L. Kiselev, and I. V. Korobko*

856 1070

Reviews

Receptor-Mediated Endocytosis and Cytoskeleton

E. S. Kornilova

865 1079

Interaction of Early Secretory Pathway and Golgi Membranes with Microtubules
and Microtubule Motors*A. I. Fokin, I. B. Brodsky, A. V. Burakov, and E. S. Nadezhdina*

879 1095

Specific Organization of Golgi Apparatus in Plant Cells

M. S. Vildanova, W. Wang, and E. A. Smirnova

894 1110

Dynamic Phase Microscopy Reveals Periodic Oscillations of Endoplasmic Reticulum
during Network Formation*T. V. Vyshenskaya, V. P. Tychinsky, D. G. Weiss, and S. A. Kuznetsov*

907 1124

Reviews

Intracellular Transport Based on Actin Polymerization

S. Yu. Khaitlina

917 1135

Use of Intracellular Transport Processes for Targeted Drug Delivery into a Specified Cellular Compartment

A. A. Rosenkranz, A. V. Ulasov, T. A. Slastnikova, Y. V. Khramtsov, and A. S. Sobolev

928 1148

Plasticity of Tumor Cell Migration: Acquisition of New Properties or Return to the Past?

A. Y. Alexandrova

947 1169

Role of Microtubule Cytoskeleton in Regulation of Endothelial Barrier Function

I. B. Alieva

964 1188
