Vol. 55, No. 2, 2020

Probability Theory and Mathematical Statistics

- Distribution of the Distance between Two Random Points in a Body from R^3
N. G. Aharonyan and V. Khalatyan 71
- On Hyperbolic Decay of Prediction Error Variance for Deterministic Stationary Sequences
N. M. Babayan and M. S. Ginovyan 76
-

Real and Complex Analysis

- Some Estimates for the Solutions of the First Order Non-Algebraic Classes of Equations
Barsegian Grigor, Fanning Meng, and Wenjun Yuan 96
- Some Inequalities for Rational Functions with Fixed Poles
Abdullah Mir 105
-

Differential Equations

- Some Results on the Painlevé III Difference Equations with Constant Coefficients
Lei Liu and Jilong Zhang 115
- Solvability of Fractional Multi-Point Boundary Value Problems with Nonlinear Growth at Resonance
Zidane Baitiche, Kaddour Guerbati, Mouffak Benchohra, and Yong Zhou 126
-
