Algebra

- Periodic Products of Groups
S. I. Adian and V. S. Atabekyan 111
-

Differential Equations

- The Radius of Convexity of Particular Functions and Applications to the Study of a
Second Order Differential Inequality
O. Engel and A. O. Páll-Szabó 118
- A Note On Solutions of Some Differential-Difference Equations
X. Qi, Y. Liu and L. Yang 128
-

Functional Analysis

- Commutators of Homogeneous Fractional Integrals on Herz-type Hardy Spaces with
Variable Exponent
Hongbin Wang 134
-

Real and Complex Analysis

- An Entire Function that Shares a Small Function with a Homogeneous Differential
Polynomial
I. Lahiri and B. Pal 144
- On Haar Series of A -integrable Functions
G. G. Gevorkyan and K. A. Navasardyan 149
