Real and Complex Analysis

Results on Meromorphic Function Sharing Two Sets with Its Linear c -Difference Operator <i>A. Banerjee and M. Basir Ahamed</i>	143
On the Noether and the Cayley–Bacharach Theorems with PD Multiplicities <i>H. Hakopian and N. Vardanyan</i>	156
A Uniqueness Theorem for Franklin Series <i>K. Keryan and A. Khachatryan</i>	166
On the Integrability with Weight of Trigonometric Series <i>Xh. Z. Krasniqi and B. Szal</i>	179
Some Upper Bound Estimates for the Maximal Modulus of the Polar Derivative of a Polynomial <i>A. Mir and M. Ibrahim Sheikh</i>	189
A Note on Recursive Interpolation for the Lipschitz Class <i>F. Tugores and L. Tugores</i>	196

Differential Equations

On the Derivatives of the Heun Functions <i>G. Filipuk, A. Ishkhanyan, and J. Dereziński</i>	200
---	-----

Statistics

Excess-Risk Consistency of Group-hard Thresholding Estimator in Robust Estimation of Gaussian Mean <i>A. G. Minasyan</i>	208
--	-----
