Partial Differential Equations

Integro-Functional Equations in the Inverse Source Problem
for the Wave Equation

A. M. Denisov 1221

On the Solvability of Boundary Value Problems with a Nonlocal Boundary
Condition of Integral Form for Multidimensional Hyperbolic Equations

A. I. Kozhanov and L. S. Pul'kina 1233

The Helmholtz Equation Outside Cuts on the Plane with the Dirichlet Condition
and a Third-Kind Boundary Condition on Opposite Sides of the Cuts

P. A. Krutitskii and V. V. Kolybasova 1247

Integral and Integro-Differential Equations

On a Class of Integral Equations in the Space of Continuous Functions

A. S. Kalitvin 1262

Singular Integrals with Cauchy Type Kernels and Their Application
to a Two-Dimensional Problem on the Evolution of a Fluid Interface
in an Inhomogeneous Layer

V. F. Piven' 1269

On a Class of Linear Integro-Differential Equations in Variational Derivatives

Yu. V. Romanovskii and L. A. Yanovich 1283

Asymptotics of Solutions of an Integro-Differential and an Integral Equation

M. S. Sgibnev 1291

A Singular Integral Equation with Hilbert Kernel in a Class of Distributions

A. V. Setukha 1302

Existence and Construction of Generalized Solutions of Nonlinear Volterra
Integral Equations of the First Kind

N. A. Sidorov and D. N. Sidorov 1312

Numerical Methods

Numerical Solution of Integro-Differential Systems with a Degenerate Matrix
Multiplying the Derivative by Multistep Methods

M. V. Bulatov and E. V. Chistyakova 1317

Justification of the Numerical Solution of a Hypersingular Integral Equation

Yu. V. Gandel' and A. S. Kononenko 1326

An Instance of Numerical Solution of Integral Equations with Singularities
in the Periodic Case

I. K. Lifanov 1334

A Scheme for the Numerical Solution of the Modified Dirichlet Problem
in Finite Multiply Connected Domains and Some Applications

D. G. Sanikidze, M. G. Mirianashvili, and K. R. Kupatadze

1343

An Iterative Approach to the Numerical Solution of the System of Integral
Equations for Boundary Value Problems for the Scalar Helmholtz Equation

S. L. Stavtsev

1352

Short Communications

Solvability Conditions for an Integral Equation with Singular
and Logarithmic Kernels

A. S. Nenashev

1361
