Stable and Variable Parameters in Courtship Songs of Grasshoppers
of the Subfamily Gomphocerinae (Orthoptera, Acrididae)

V. Yu. Vedenina and L. S. Shestakov 1

Mass Reproductive Wanderings of Dragonflies of the Genus *Sympetrum*
(Odonata, Libellulidae)

O. N. Popova and A. Yu. Haritonov[†] 21

Reproduction of the Indian Meal Moth (*Plodia interpunctella*, Lepidoptera, Pyralidae):
Mating Success, Polygyny, Polyandry

G. I. Ryazanova 29

The Discovery of a Hybrid Population of Mosquitoes of the *Culex pipiens* L.
Complex (Diptera, Culicidae) on the Kos Island (Greece) by Means
of Molecular Markers

E. V. Shaikevich and E. B. Vinogradova 35

The Zoogeographic Composition of the Insect Fauna (Odonata, Coleoptera,
Macrolepidoptera) in the Raised Bogs of the Belarusian Lakeland

G. G. Sushko 40

Ground Beetles (Coleoptera, Carabidae) of the Ola Plateau Highlands,
Kolyma Uplands

O. L. Makarova, K. V. Makarov, and D. I. Berman 49

Altitudinal Variation of the Life Cycle of *Poecilus fortipes* (Coleoptera, Carabidae)
in Eastern Siberia

L. Ts. Khobrakova and A. V. Matalin 58

Nesting and Biology of *Jucancistrocerus caspicus* (Hymenoptera,
Vespidae, Eumeninae)

A. V. Fateryga and A. V. Amolin 73

Zonal Distribution of Bumblebee Species (Hymenoptera, Apidae)
in the North of European Russia

G. S. Potapov, Yu. S. Kolosova, and M. Yu. Gofarov 79

Chalcid Wasps of the Family Pteromalidae (Hymenoptera, Chalcidoidea)
of the Kuril Islands

E. V. Tselikh 86

Geometrid Moths of the Genus *Eupithecia* Curtis, 1825 (Lepidoptera, Geometridae):
Prerequisites and Characteristic Features of High Species Diversity

V. G. Mironov

105

Short Communications

Specific Features of Coleoptera Habitation in the Trans-Altai Gobi Desert, Mongolia

B. A. Korotyaev

128

A New Oribatid Mite Species of the Genus *Sphaerozetes* (Acari, Ceratozetidae)
from Vietnam

S. G. Ermilov, A. E. Anichkin, and D. Wu

131

A New Oribatid Mite Species of the Genus *Protoribates* (Acari, Oribatida, Haplozetidae)
from Ethiopia

S. G. Ermilov and L. B. Rybalov

136

Methods of Zoological Investigations

Design of Molecular Markers for Identification of Species of the Genus *Chironomus*
(Diptera, Chironomidae)

L. I. Gunderina
