Preimaginal Development of the Parasitoid <i>Minotetrastichus frontalis</i> (Nees) (Hymenoptera, Eulophidae)	
<i>A. V. Mishchenko</i>	367
The Effect of Food Concentration and Population Density of Mosquito Larvae (<i>Anopheles stephensi</i> , Diptera, Culicidae) on Their Feeding Behavior	
<i>S. B. Ivnitsky and R. A. Fando</i>	372
Multimodal Sensory Organs in Larvae of Some Insect Species	
<i>N. A. Akent'eva</i>	379
Pugs of the Tribe Eupitheciini (Lepidoptera, Geometridae): the History of Study and Distribution over Biogeographic Regions	
<i>V. G. Mironov</i>	390
Patterns of Damage to <i>Tilia Cordata</i> by <i>Phyllonorycter Issikii</i> (Lepidoptera, Gracillariidae) in Izhevsk City	
<i>I. V. Ermolaev and O. V. Sidorova</i>	403
Patterns of Formation of the Flea (Siphonaptera) Fauna in the Caucasus	
<i>S. G. Medvedev and B. K. Kotti</i>	409
New Species and Other Rare Geometrid Moths (Lepidoptera, Geometridae) in the Asian Part of Russia	
<i>S. V. Vasilenko</i>	422
Gall Midges of the Supertribe Stomatosematidi (Diptera, Cecidomyiidae) in the Palaearctic Region, with Descriptions of New Taxa from the Late Eocene Rovno Amber:	
1. <i>Stomatosema</i> , <i>Vanchidiplosis</i> , <i>Clarumreddera</i> gen. n.	
<i>Z. A. Fedotova and E. E. Perkovsky</i>	427
New Data on the Systematics of the Palaearctic Species of the <i>Dolichopus signifler</i> Group (Diptera, Dolichopodidae)	
<i>O. V. Selivanova, O. P. Negrobov, and A. V. Barkalov</i>	440
New Species of the Primitive Oribatid Mite Families Brachychthoniidae and Phthiracaridae (Acariformes, Oribatida) from the Caucasus	
<i>U. Ya. Shtanchaeva and L. S. Subías</i>	447
Morphology of Juvenile Stages of <i>Liacarus (Dorycranosus) acutus</i> (Oribatida, Liacaridae)	
<i>S. G. Ermilov</i>	459
PCR Identification of the Host DNA in the Taiga Tick (Ixodinae: <i>Ixodes persulcatus</i>) Nymphs in St. Petersburg and Its Environs	
<i>L. A. Grigoryeva and A. V. Markov</i>	466
Spider (Aranei) Assemblages in Bog-Forest Ecotone of the Northern Taiga Subzone (Eastern Fennoscandia)	
<i>I. O. Kamayev</i>	471
