*To the Memory of Academician Yurii Ivanovich Chernov
(On the 80th Anniversary of His Birthday)*

On the Eightieth Birthday of Yurii Ivanovich Chernov, Academician of the Russian Academy of Sciences

O. L. Makarova, A. B. Babenko, and L. L. Sluchevskaya 435

Ecology and Zoogeography

Beetles (Insecta, Coleoptera) in the Arctic Fauna: Communication 1. Faunal Composition

Yu. I. Chernov, O. L. Makarova, L. D. Penev, and O. A. Khruleva 438

Distribution and Ecology of the Earthworm *Eisenia nordenskioldi pallida*
(Oligochaeta, Lumbricidae) Dominant in Southern Siberia
and the Russian Far East

T. S. Vsevolodova-Perel and A. N. Leirikh 479

Cold Hardiness and Geographic Distribution of Earthworms
(Oligochaeta, Lumbricidae, Moniligastridae)

E. N. Meshcheryakova and D. I. Berman 486

The Structure and Seasonal Dynamics of Myriapods (Chilopoda and Diplopoda)
in the Southern Taiga of the Perm Cis-Urals Region

G. Sh. Farzaliyeva and S. L. Esyunin 498

Grass-fly Larvae (Diptera, Chloropidae): Diversity, Habitats, and Feeding Specializations

E. P. Nartshuk 514

Ants under the Conditions of an Extremely Hot Summer

A. A. Zakharov and R. A. Zakharov 526

The Structure and Spatial Organization of the Butterfly Fauna (Lepidoptera, Rhopalocera)
of the Ural Mountains

A. G. Tatarinov and P. Yu. Gorbunov 541

Pathways of Formation of the Fauna of the Solovetsky Archipelago, the White Sea, Northwest Russia

I. N. Bolotov 562

Taxonomy

A New Species of Oribatid Mite, *Punctoribates tschernovi* sp. n. (Acariformes, Oribatida, Punctoribatidae),
from Azerbaijan

U. Ya. Shtanchaeva and L. S. Subias 579

Species of the Genus *Protaphorura* (Collembola: Onychiuridae) Described
on Material of Yu.I. Chernov from Western Taimyr

A. B. Babenko and I. J. Kaprus' 581

A New Species of the Genus <i>Falconius</i> Bolívar, 1898 (Orthoptera: Tetrigidae, Scelimeninae) from Vietnam	
<i>S. Yu. Storozhenko</i>	602
Antlions (Neuroptera, Myrmeleontidae) from Ornithological Traps on the Curonian Spit: a Three-species Community Containing a New Species	
<i>V. A. Krivokhatsky, N. A. Shapoval, and A. P. Shapoval</i>	605
The Tipuloid Dipterans (Diptera, Tipulidae, Limoniidae) from the Putorana Plateau, with a Description of <i>Dactylolabis tschernovi</i> sp. n.	
<i>V. I. Lantsov</i>	613
Two New Chironomid Species (Diptera, Chironomidae) from Wrangel Island	
<i>E. A. Makarchenko and M. A. Makarchenko</i>	619
Two New Species of the Dipteran Genus <i>Dolichopus</i> Latreille (Diptera, Dolichopodidae) from Siberia and Mongolia	
<i>O. P. Negrobov, A. V. Barkalov, and O. V. Selivanova</i>	623
A New Species of the Grass Fly (Diptera, Chloropidae), <i>Incertella tschernovi</i> sp. n., from the Kyzyl Kum Desert	
<i>E. P. Nartshuk</i>	628
On the Taxonomy of the Genus <i>Coenosia</i> Meigen, 1826 (Diptera, Muscidae) in the Russian Fauna, with a Description of <i>Coenosia tschernovi</i> sp. n.	
<i>V. S. Sorokina</i>	630
A New Species of the Genus <i>Physetopoda</i> Schuster 1949 (Hymenoptera: Mutillidae) from the United Arab Emirates	
<i>A. S. Lelej and A. van Harten</i>	639
