Simultaneous English language translation of the journal is available from Pleiades Publishing, Inc.
Entomological Review ISSN 0013-8738

Formation of Springtail (Collembola) Communities during Colonization of Ant-Hills

E. V. Sleptzova and Zh. I. Reznikova 373

Habitat Choice as the Defensive Behavior of *Calopteryx splendens* Harris Larvae (Odonata, Calopterygidae): Impact of the Predator Species and of the Population Density of Damselflies

G. I. Ryazanova 383

Geometrid Moths (Lepidoptera, Geometridae) of the Curonian Spit in the Baltic Sea

N. A. Shapoval and A. P. Shapoval 389

Influence of the Spider Mite, *Tetranychus urticae* Koch (Acarina, Tetranychidae) Population Density on Its Dynamics on Different Cucumber Cultivars

V. A. Razdoburdin 398

Geographic Variability of the Life Cycle in *Pterostichus melanarius* (Coleoptera, Carabidae)

A. V. Matalin 409

True Bugs (Heteroptera) from the Arctic Dolgii Island, the Barents Sea

O. L. Makarova and K. V. Makarov 423

Description of the Third-instar Larva of *Aphodius bimaculatus* (Laxmann) (Coleoptera, Scarabaeidae)

A.V. Frolov and L.A. Akhmetova 433

New and Little Known Crickets of the Subfamily Phalangopsinae (Orthoptera, Gryllidae):

3. Indonesia, the Philippines, and Seychelles

A. V. Gorochov 438

Subfamily Dichomeridinae (Lepidoptera, Gelechiidae): Phylogeny, Classification, and Position in the System of Gelechiid Moths

M. G. Ponomarenko 449

Contributions to the Knowledge of the Leaf Beetles (Coleoptera, Chrysomelidae) of Russia

L. N. Medvedev 457

Classification of Flea Families (Siphonaptera): I. Family Hystrichopsyllidae (First Part)

S. G. Medvedev 460

Results of Studying the Types of Species of the Genus *Chrysopilus* (Diptera, Rhagionidae) from the Collection of the Natural History Museum of the Humboldt University (Berlin, Germany): Communication 3

N. P. Krivosheina 478

Short Communications

A New Species of the Mite Genus *Dolichocybe* (Acari, Heterostigmata, Dolichocybidae) from the Crimea

A. A. Khaustov 491

A New Genus and a New Species of Orthocladiinae (Diptera, Chironomidae) from the Novaya Zemlya Archipelago

N. I. Zelentsov 494
