Vol. 100, No. 8, 2020

The Role of Sympatric and Allopatric Speciation in the Origin of Biodiversity of Herbivorous Insects, with Palaearctic Species of the Genus <i>Macropsis</i> Lewis, 1836 Taken as an Example (Homoptera, Auchenorrhyncha, Cicadellidae, Eurymelinae, Macropsini)	
<i>D. Yu. Tishechkin</i>	1039
The Effects of Miniaturization on the Anatomy of <i>Corynoneura scutellata</i> Winnertz, 1846 (Diptera, Chironomidae), One of the Smallest Dipterans	
<i>E. N. Veko and A. A. Polilov</i>	1065
Rove Beetles (Coleoptera, Staphylinidae) under the Conditions of Anthropogenic Agrolandscape Transformation in Northwestern Russia	
<i>O. G. Guseva</i>	1078
Impact of the Pyrogenic Factor and Xylotrophic Fungi on the Population Dynamics of <i>Scolytus koenigi</i> Schevyrew, 1890 (Coleoptera, Curculionidae: Scolytinae) in the Forest-Steppe Zone of European Russia	
<i>A. V. Petrov and G. B. Kolganikhina</i>	1090
The Eastern Margin of <i>Grypotes puncticollis</i> (Herrich-Shaeffer, 1834) (Hemiptera, Auchenorrhyncha: Cicadellidae) Distribution in the Palaearctic Kingdom	
<i>V. M. Gnezdilov</i>	1096
On the Fauna of the False Click Beetles (Coleoptera, Eucnemidae) of Daghestan, the Caucasus	
<i>A. R. Bibin</i>	1099
New Data on the Distribution of Rare and Little Known Aphidiid Wasps (Hymenoptera, Aphidiidae)	
<i>E. M. Davidian</i>	1102
The Families Stenopelmatidae and Anostostomatidae (Orthoptera). 1. Higher Classification, New and Little Known Taxa	
<i>A. V. Gorochov</i>	1106
<i>Mongolabis bochkovi</i> sp. n., a New Earwig (Dermaptera, Anisolabididae: Anisolabidinae) from Northern Vietnam	
<i>L. N. Anisyutkin</i>	1152
A New Genus and New Species of the Weevil Tribe Blosyrini Lacordaire, 1863 (Coleoptera, Curculionidae: Entiminae) from the Sino-Tibetan Mountains	
<i>G. E. Davidian</i>	1157
A Review of the Shore Fly Genus <i>Setacera</i> Cresson, 1930 (Diptera, Ephydriidae) in the Fauna of Russia	
<i>M. G. Krivosheina and A. L. Ozerov</i>	1190
Types of Parasitism of Hard Ticks (Ixodidae)	
<i>S. A. Leonovich</i>	1201
