Simultaneous English language translation of the journal is available from Pleiades Publishing, Inc.
Entomological Review ISSN 0013-8738

Behavioral Strategy of Two Ground Beetle Species of the Genus *Carabus* (Coleoptera, Carabidae)
Colonizing Some Types of Natural and Anthropogenic Biocenoses

V. G. Knysh and A. S. Zamotailov 835

Histological Structure of the Clypeo-Cibarial and Labral Skeleton and the Musculature
in the Lower Asilomorpha (Diptera): 1. Rhagionidae and Tabanidae

A. A. Panov 844

Histological Structure of the Clypeo-Cibarial and Labral Skeleton and the Musculature
in the Lower Asilomorpha (Diptera): 2. Stratiomyoidea

A. A. Panov 859

The Structure of Springtail Fauna (Collembola) of the Arctic

A. B. Babenko 878

Springtails (Collembola) of the Crimea

I. J. Kaprus', R. J. Pomorski, D. Skarzynski, and M. B. Potapov 891

The Stonefly Fauna in the Central Sikhote-Alin Mountains with Description of a New Species

E. V. Potikha and L. A. Zhiltzova 902

Noctuid Moths (Lepidoptera, Noctuidae) of the Curonian Spit in the Baltic Sea

N. A. Shapoval, A. P. Shapoval, and A. Yu. Matov 909

Contributions to the Fauna and Taxonomy of the Stenopelmatoidea (Orthoptera) of Indochina
and Some Other Territories

A. V. Gorochov 918

New Species of Leaf-Beetles (Coleoptera, Chrysomelidae) from China: V

I. K. Lopatin 934

A New Species of the Leaf-Beetle Genus *Chrysolina* Motsch. (Coleoptera, Chrysomelidae)
from Northern Tien Shan

P. V. Romantsov 940

A Review of the Caucasian Weevils of the Genus *Otiorhynchus* (Coleoptera, Curculionidae),
Closely Related to *O. siewersi*

G. E. Davidian and V. Yu. Savitsky 942

The Types of Yponomeutoid Moth Species (Lepidoptera: Yponomeutidae, Plutellidae) in the Collection of Schmalhausen Institute of Zoology, National Academy of Sciences, the Ukraine

Z. S. Gershenson and V. A. Kozhevnikova 957

A Revision of Digger Wasps of the Genus *Oxybelomorpha* (Hymenoptera, Crabronidae, Oxybelini):
5. The *O. moricei* and *O. patei* Species-Groups

A. V. Antropov 959

New Gall-Midge Species (Diptera, Cecidomyiidae) from Southeastern Kazakhstan

Z. A. Fedotova 972

Short Communications

New and Little-Known Species of the Dermestid Genus *Attagenus* (Coleoptera, Dermestidae)

R. D. Zhantiev 984

Bloodsucking Insects and Ticks and Mites, Vectors of Transmissible Infections of Humans
and Domestic Animals

Yu. S. Balashov 990

The Description of a New Fossil Species of Blackflies, *Ectemnia lithuanica* Jankovskij et Bernotiene, sp. n.
(Diptera, Simuliidae), from the Baltic Amber

A. V. Jankovsky and R. Bernotiene 1008

In Memory

In Memory of A. V. Zakharenko (1948–2004)

G. S. Medvedev, A. G. Kirejtshuk, and V. A. Krivokhatsky 1013
