On the Fauna of the Bristletail Family Machilidae (Thysanura) of the Caucasus and Southern Kazakhstan

V. G. Kaplin 951

On the Fauna of the Bristletail Family Nicoletiidae (Thysanura) of Thailand

V. G. Kaplin 966

Taxonomy and Biology of Leafhoppers of the Genus *Macropsis* (Homoptera, Cicadellidae, Macropsinae) Living on *Berberis* spp. (Berberidaceae)

D. Yu. Tishechkin 977

New Investigation Technique for Thoracic Sclerites of Mosquitoes (Diptera, Culicidae) for the Correct Identification of Genera and Species

A. V. Khalin and S. V. Aibulatov 988

Contributions to the Mosquito Fauna (Diptera, Culicidae) of Belgorod Province

Yu. A. Prisniy 994

The Influence of the Host on the Frequency of Block Formation in Males and Females of *Citellophilus tesquorum altaicus* Ioff, 1936 (Siphonaptera: Ceratophyllidae) and Transmission of the Plague Pathogen by These Fleas

L. P. Bazanova, D. B. Verzhutsky, and E. G. Tokmakova 1002

Demography and Population Models of Ticks of the Genus *Ixodes* with Long-Term Life Cycles

Yu. S. Balashov[†] 1006

Sense Organs on Palps and Fore Tarsi of Gamasid Mites (Parasitiformes, Rhinonyssidae), Parasites of the Nasal Cavity of the Great Tit, the Rock Dove, and the Eurasian Coot

S. A. Leonovich and I. Dimov 1012

The Feather Mite (Astigmata) Fauna of Some Passerine Birds (Passeriformes) in the South of Western Siberia

G. A. Rubtsov and V. V. Yakimenko 1020

Age-Related Changes in Natural Populations of *Ixodes pavlovskyi* (Ixodinae) from Novosibirsk and Its Environs

L. A. Grigoryeva and N. N. Livanova 1032

Changes in the Ranges of Pasture Ixodid Ticks of the Genus *Ixodes* Latr., 1795
(Parasitiformes, Ixodidae) in West Siberia

M. G. Malkova, V. V. Yakimenko, and A. K. Tancev

1034

A New Gamasid Mite Species, *Haemogamasus limneticus* sp. n. (Parasitiformes, Gamasoidea),
from Kyrgyzstan

S. Zh. Fyodorova and A. V. Kharadov

1045

Notes on the Morphology of the Robber Flies (Diptera, Asilidae)

V. A. Richter and D. M. Astakhov

1050

Hoverflies (Diptera, Syrphidae) in Agrocenoses of the Forest-Steppe of Western Siberia
and the Influence of Agrotechnological Practice on Their Abundance

I. G. Bokina

1053
