Vol. 37, No. 1, 2016

Simultaneous English language translation of the journal is available from Pleiades Publishing, Inc.
Distributed worldwide by Springer. *Geography and Natural Resources* ISSN 1875-3728.

The scientific legacy of V. B. Sochava, and future prospects of cultural geography <i>M. V. Ragulina</i>	1
Assessing the morphodynamical complexity of a large river in planning hydroeconomic measures (as exemplified by the Ob') <i>R. S. Chalov, S. N. Ruleva and N. M. Mikhailova</i>	9
Typology of countries of the world according to the development level of international tourism <i>A. Yu. Aleksandrova</i>	18
Economic-geographical problems of hunting nature management of Siberia <i>G. V. Ponomarev and V. S Kambalin</i>	26

Environmental Protection

Geochemical indicators of technogenic pollution of bottom sediments of small rivers in an urbanized environment <i>Z. I. Slukovskii and S. A. Svetov</i>	32
Risks of construction and operation of heat and power generating facilities (as exemplified by Sakhalin oblast) <i>M. I. Savvin</i>	39

Research in the Baikal Watershed

Geoecological approach to infrastructural development of hiking trails in federal-level SPNA (as exemplified by the Baikal Nature Reserve) <i>N. M. Luzhkova</i>	48
--	----

Regional Problems of Environmental Studies and Natural Resources Utilization

Elemental composition of soils and bottom sediments in streams of the eastern macroslope of the Subpolar Urals <i>D. A. Selivanova</i>	58
Formation of river terraces in conditions of high seismicity <i>S. A. Makarov, Yu. V. Ryzhov, D. V. Kobylkin and T. G. Ryashchenko</i>	64

Research Techniques

Diagnostics of soils of different altitudinal vegetation belts in the Middle Urals according to group composition of iron compounds

I. A. Samofalova, O. B. Rogova and O. A. Luzyanina

71

Geography Abroad

Assessing the geoecological state of ecosystems in the Balkhash region

Zh. T. Tilekova, M. T. Oshakbaev and A. P. Khaustov

79

Land use dynamics and land cover structure change in Thailand (as exemplified by mountainous Nan Province)

Baicha Wongtui
