Adaptive Estimation of Marginal Random-Effects Densities in Linear Mixed-Effects Models <i>G. Mabon</i>	81
A Characterization of Maximin Tests for Two Composite Hypotheses <i>A. Gushchin</i>	110
Estimation of Ordered Scale Parameters of Two Exponential Distributions with a Common Guarantee Time <i>N. Jana and S. Kumar</i>	122
Baxter's Inequality for Triangular Arrays <i>M. Meyer, T. McMurtry, and D. Politis</i>	135
The Cumulative Quantile Regression Function with Censored and Truncated Response <i>S. M. Tse</i>	147
A Comprehensive Result on Stochastic Comparison for Parallel Systems in Terms of Hazard Rate Order <i>J. Wang</i>	156
