Vol. 26, No. 3, 2017

On the Mean Value Parametrization of Natural Exponential Families – a Revisited Review

S. K. Bar-Lev and C. C. Kokonendji 159

Efficient Estimation of the Error Distribution in a Varying Coefficient Regression Model

A. Schick and Y. Zhu 176

Asymptotic Theory of Multiple-Set Linear Canonical Analysis

G. M. Nkiet 196

Two-Sample Kolmogorov–Smirnov Test Using a Bayesian Nonparametric Approach

L. Al-Labadi and M. Zarepour 212

Classes of Improved Estimators for Parameters of a Pareto Distribution

L. K. Patra and S. Kumar 226
