Vol. 24, No. 4, 2015

Recursive Tracking Algorithm for a Predictable Time-Varying Parameter of a Time Series <i>E. Belitser and P. Serra</i>	243
Gaussian Approximation to the Extreme Value Index Estimator of a Heavy-Tailed Distribution under Random Censoring <i>B. Brahim, D. Meraghni, and A. Necir</i>	266
Extended GMANOVA Model with a Linearly Structured Covariance Matrix <i>J. Nzabanita, D. von Rosen, and M. Singull</i>	280
Higher Order Accurate Procedures to Compare Two Normal Populations <i>A. Rukhin</i>	292
Variance Inequalities for Quadratic Forms with Applications <i>P. Yaskov</i>	309
