|  |    |
|--|----|
| Mercury concentration in natural objects of West Siberia<br><i>E. E. Lyapina, E. A. Golovatskaya, and I. I. Ippolitov</i>  | 1  |
| Zinc compounds in multiple- and zinc-polluted soils of the Irtysh region near Semipalatinsk<br><i>M. S. Panin and N. V. Kalent'eva</i>   | 6  |
| Radioactive elements distribution in the environment of Pribaikal'e.<br>Communication 1. Uranium<br><i>V. I. Grebenshchikova, N. A. Kitaev, E. E. Lustenberg, V. I. Medvedev,<br/>I. S. Lomonosov, and A. N. Karchevskii</i>                           | 12 |
| Distribution of microorganisms in the oil-polluted ground of vadose and saturation zones<br><i>I. V. Trusei, A. Yu. Ozerskii, V. P. Ladygina, and Yu. L. Gurevich</i>  | 22 |
| Soil microbial communities in the zone of uranium deposits of the Central Aldan<br>(South Yakutia)<br><i>T. I. Ivanova, N. P. Kuz'mina, S. V. Petrova, A. P. Chevychelov,<br/>and A. P. D'yachkovskii</i>  | 27 |
| Effect of environmental conditions on the distribution of functional groups<br>of microorganisms in the Khoito-Gol mineral springs (East Sayan)<br><i>E. V. Danilova, D. D. Barkhutova, A. V. Bryanskaya, Z. B. Namsaraev,<br/>and B. B. Namsaraev</i> | 33 |
| Impact of industrial pollutions on forest communities of rove beetles<br>(Coleoptera, Staphylinidae) in Shelekhov raion of Irkutsk oblast<br><i>A. V. Shavrin</i>  | 40 |
| Elemental composition of mushrooms from Gorny Altai<br><i>I. A. Gorbunova, K. P. Koutzenogii, G. A. Koval'skaya, O. V. Chankina,<br/>and T. I. Savchenko</i>   | 46 |
| Experimental study of some Siberian and Baikal endemic species of hydrobionts:<br>comparative analysis of oxyphility and frigophilicity<br><i>D. I. Stom, A. A. Klyuchevskaya, A. D. Stom, and A. E. Balayan</i>                                       | 51 |
| Structural and functional organization of a larch phytocenosis in a postfire<br>progressive succession in the north of Central Siberia<br><i>I. M. Danilin</i>   | 55 |
| Soil formation under progressive accelerated succession of forest ecosystems<br>in the north of Russia<br><i>I. A. Likhanova and I. B. Archegova</i>   | 66 |
| Spatial structure of zooperiphyton from the Ob River<br><i>T. A. Sharapova</i>   | 72 |
| Organic impurities in natural waters of the Tom' basin<br><i>P. B. Kadychagov, I. V. Russkikh, and E. A. Belitskaya</i>  | 77 |
| Phytocenotic organization of algal groups on dumps of the Kuznetsk Basin<br><i>N. A. Malakhova</i>   | 83 |
| Plants and birds on the shore of the Sea of Okhotsk: balance, crisis, adaptation<br><i>M. G. Khoreva and O. A. Mochalova</i>   | 87 |
| Soil formation and grouping of soils of the taiga zone in central West Siberia<br><i>A. I. Shepelev, L. F. Shepeleva, and R. G. Mazitov</i>  | 92 |
