Spatial-Typological Differentiation of Ecosystems of the West Siberian Plain. Communication I: Plant Cover <i>V. P. Sedel'nikov, Yu. S. Ravkin, A. A. Titlyanova, I. N. Bogomolova, and O. N. Nikolaeva</i>	229
Spatial-Typological Differentiation of the Ecosystems of the West Siberian Plain. Communication II: Underground Phytomass, Dead Organic Matter, and Soil Humus <i>V. A. Khmelev, A. A. Titlyanova, V. P. Sedel'nikov, Yu. S. Ravkin, I. N. Bogomolova, and I. P. Kokorina</i>	241
Effects of Fires in Ribbon-Like Pine Forests of Southern Siberia <i>L. V. Buryak, A. I. Sukhinin, O. P. Kalenskaya, and E. I. Ponomarev</i>	248
Ecological Niches of Pathogenic Micromycetes of Berry Plants of Subfamily Vaccinioideae <i>I. G. Vorob'eva, V. A. Chulkina, A. B. Gorbunov, and M. A. Tomoshevich</i>	254
Introduction of Far Eastern Woody Plants to the Middle-Taiga Subzone of the Komi Republic <i>L. G. Martynov</i>	260
Altitudinal Zonation of the Southern Flank of Western and Eastern Tannu-Ola Ranges: Principal Types of Plant Communities <i>N. I. Makunina</i>	266
Cenotic Positions and Ecological Amplitudes of Mosses in the Vegetation of the Great Vasyugan Swamp <i>O. Yu. Pisarenko, E. D. Lapshina, and E. Ya. Mul'diyarov</i>	283
Phytomass Structure of Plant Communities of Humid High-Altitude Habitats of the Eastern Sayan Ranges: A Case Study of the Kryzhin Range <i>E. G. Zibzeev and Ch. N. Sambyla</i>	296
Fire Damage to Plants in Coniferous-Deciduous Forests in the Middle Amur Region and Their Indicator Significance <i>N. R. Sukhomlinov and V. V. Sukhomlinova</i>	303
Health Status and Biological Damage to Tree Leaves in Green Areas of Syktyvkar <i>N. A. Mingaleva, S. V. Pestov, and S. V. Zagirova</i>	310
Morphophysiological Evaluation of <i>Sorbus sibirica</i> Hedl. Exposed to Vehicle Exhausts <i>E. Yu. Kolmogorova and V. A. Kaidorina</i>	319
Distribution and Biological Productivity of <i>Caragana ussuriensis</i> (Regel) Pojark in Oak Forests of Southern Primorye <i>V. A. Poleshchuk</i>	322
Morphological Variability and Quality of Seeds of <i>Larix gmelinii</i> (Rupr.) Rupr. <i>A. P. Barchenkov</i>	327
Population and Subpopulation Dynamics of <i>Soldanella hungarica</i> Simonk. (Primulaceae) in Spruce Forests of the Carpathians <i>G. G. Zhilyaev</i>	334
Communities of the Class Artemisietea jacuticae Gogoleva et al. 1987 in Alas Meadows of Central Yakutia <i>L. D. Gavril'eva</i>	339
