Distribution of <i>Bacillus thuringiensis</i> in the Complex of Spore-Forming Bacteria of the Genus <i>Bacillus</i> Cohn in the Soils of the Nut-Fruit Forests of Southern Kyrgyzstan <i>V. P. Khodyrev, Z. A. Teshebaeva, B. A. Toktoraliev, and V. V. Glupov</i>	169
Biotesting of Water in Regions of Oil Extraction <i>S. S. Bednarzhevskii, E. S. Zakharikov, D. I. Kuznetsov, R. M. Mamedov, N. S. Pushkarev, V. A. Sokolov, V. A. Suzdaltsev, and N. G. Shevchenko</i>	174
The Quality of Animal Habitats Estimated from Track Activity and Remote Sensing Data <i>A. S. Zheltukhin, Yu. G. Puzachenko, and R. B. Sandlerskii</i>	176
The Count of Number of Organisms by the Areal Method <i>V. L. Samokhvalov</i>	185
Host-Parasite Relationships in Gamasid Mites of the Genus <i>Hirstionyssus</i> (Acari:Parasitiformes:Gamasina) in the South of the West Siberian Plain <i>N. P. Korallo</i>	188
Spatial and Typological Organization of the Oribatid Mite Population in the Northeastern Altai <i>N. V. Vladimirova, L. G. Grishina, and E. V. Sleptsova</i>	193
Myrmecotopical Transformation of Grass Stand Structure on a Plot of Fragmented Forest <i>N. M. Bugrova and L. B. Pshenitsyna</i>	205
The Ants of the Chuya Depression and the Yustyd River Basin in Southeastern Altai <i>Z. A. Zhigul'skaya</i>	210
The Communities of Bumble Bees (Hymenoptera: Apidae, Bombini) in the City of Novosibirsk and Its Environs <i>A. M. Byvaltsev</i>	216
Distribution of the Fish Rotan (<i>Perccottus glenii</i> Dybowski, 1877) in the Irtys River Basin and Analysis of Possible Consequences for Environment and People <i>A. N. Reshetnikov and E. A. Chibilev</i>	224
Primary Compensatory Adaptive Reaction of <i>Columba livia</i> Hepatocytes to Hyperthermia: Changes in Structure and Metabolism <i>E. I. Antonova</i>	229
The Specific Use of Nesting Territory by the Lesser Sandhill Crane in Yakutia <i>M. V. Vladimirtseva, I. P. Bysykatova, and S. M. Sleptsov</i>	237
Nest Biology of Urban Populations of Cavity-Nesting Birds <i>B. D. Kuranov</i>	240
Summer Bird Population in the Central Part of the Prilenskoe Plateau <i>N. N. Egorov, A. P. Isaev, and A. G. Larionov</i>	248
Environmental Geographical Features of the Parti-Colored Bat (<i>Vespertilio murinus</i>) (Linnaeus, 1758) Living on the Territory of West Siberia (with Khanty-Mansi Autonomous Okrug and Kurgan Oblast as Examples) <i>V. P. Starikov, K. A. Bernikov, and A. A. Emel'yanov</i>	255
Selectivity of Tree Species as Activity Target of Brown Bear in Taiga <i>S. V. Puchkovskiy</i>	260
Parental Care in Captive Red-Backed Vole (<i>Clethrionomys rutilus</i>) <i>V. S. Gromov</i>	269

Spatial and Typological Inhomogeneity of Small Mammal Communities in Plains and Mountains of West Siberia	
<i>Yu. S. Ravkin, I. N. Bogomolova, S. M. Tsybulin, V. V. Panov, S. S. Onishchenko, V. B. Il'yashenko, L. G. Vartapetov, S. G. Babina, and S. V. Chesnokova</i>	275
The Relationship Between the Behavioral Mode of Endangered Female Musk Deer and Reproduction Potential Next Year	
<i>Meng Xiu-Xiang, G. Perkins, Yang Qi-Sen, Feng Zuo-Jian, and Feng Jinchao</i>	284
Gray Ukrainian Cattle and Their Closely Related Forms	
<i>A. V. Kushnir and V. I. Glazko</i>	288
