Vol. 2, No. 5, 2009

Simultaneous English language translation of the journal is available from Pleiades Publishing, Ltd.
Distributed worldwide by Springer. *Contemporary Problems of Ecology* ISSN 1995-4255.

The Dynamics of Accumulation of Above-Ground Phytomass by Technogenic Communities in the Course of Their Natural Progressive Successional Replacement in the Norilsk Industrial District <i>A. A. Fes'ko</i>	401
Change of Ecologic Conditions in the Course of Progressive Successional Replacement of Communities in a Broad-Leaved Landscape (Polesia Province, Belarus) <i>A. P. Gusev</i>	405
Post-Pasture Demutation in Communities of the Ob Forest-Steppe <i>G. K. Zvereva</i>	411
The Indicating Role of Herb–Dwarf Shrub Layer in Mountain Phytocenoses of the Polar Urals (Illustrated by the Outskirts of Mt. Chernaya) <i>N. V. Peshkova and N. I. Andreyashkina</i>	417
Herbal Vegetation in Shelter Belts Composed of Various Species in Shira Steppe, Khakasia <i>O. P. Kovylnina, N. V. Kovylin, and N. V. Sukhenko</i>	423
Natural Factors Causing the Soil Ecological State Differentiation in the Turan-Uyuk Depression <i>E. A. Gurkova and O. I. Kal'naya</i>	429
Shelter Belts as a Factor of Ecological Improvement in Steppes of Kulunda <i>E. G. Paramonov and Ya. N. Ishutin</i>	433
Dynamics of Weather and Climatic Characteristics and Ecological Functions of a Small Forest Basin <i>N. K. Kozhevnikova</i>	436
Functioning of Rare Plant Populations of Central Siberia <i>T. G. Boikov</i>	444
Structure of the Crown of Siberian Larch as a Complex Stability Index of Trees in the Plantations of Krasnoyarsk <i>I. V. Tikhonova, O. M. Shabalina, and O. A. Minakova</i>	451
Population Structure of <i>Potentilla bifurca</i> L. in the Altai–Sayan Mountain Region <i>V. N. Godin</i>	456
<i>Coniogramme intermedia</i> Hieron. (Hemionitidaceae Pichi Sermolli) in the Northern Sikhote-Alin <i>M. V. Kryukova</i>	462
Seasonal Dynamics of Akinetes of <i>Anabaena flos-aquae</i> in the Bottom Sediments and Water Column of a Small Siberian Reservoir <i>E. S. Kravchuk</i>	467
Multiple Asexual Reproduction of <i>Asterionella formosa</i> Hass. from Lake Baikal and Angara Reservoirs <i>G. I. Kobanova</i>	472
Phytoecdysteroids of Caryophyllaceae Juss. <i>L. N. Zibareva</i>	476
Ecological Relations of Agricultural Populations of Ecdysteroid-Containing Plants <i>Rhaponticum carthamoides</i> (Willd.) Iljin and <i>Serratula coronata</i> L. to Herbivorous Insects. Report 1 <i>N. P. Timofeev</i>	489
