Twistor Quantization of Loop Spaces

J. Davidov and A. G. Sergeev 1

Differential Geometry of Symplectic and Poisson Structures on Loop Spaces
of Smooth Manifolds, and Integrable Systems

O. I. Mokhov 91

Fractional Diffusions and Quasi-Invariant Actions of Infinite-Dimensional Groups

Yu. A. Neretin 126

Differential Measures on Groups of Currents

O. G. Smolyanov 174

Quasi-Invariant Measures on Groups of Diffeomorphisms

E. T. Shavgulidze 181

A Survey of some Developments in Loop Spaces: Associated Stochastic Processes,
Statistical Mechanics, Infinite Dimensional Lie Groups, Topological Quantum Fields

S. Albeverio 203

A Stochastic Approach to the Virasoro Anomaly in Quantization of Strings in Flat Space

P. Gosselin and T. Wurzbacher 230

A Stochastic Approach to the Dirac Operator over the Free Loop Space

J. D. S. Jones and R. Léandre 253
