Vol. 305, Suppl. 1, 2019

Aleksandr Georgievich Chentsov (On the Occasion of His 70th Birthday)	S1
Codes in Shilla Distance-Regular Graphs <i>I. N. Belousov</i>	S4
Characterization of Optimal Trajectories in $\mathbb{R}^3$ <i>V. I. Berdyshev</i>	S10
Gaps in the Spectrum of the Laplacian in a Strip with Periodic Delta Interaction <i>D. I. Borisov</i>	S16
Bitopological Spaces of Ultrafilters and Maximal Linked Systems <i>A. G. Chentsov</i>	S24
On Equations of the Program Iteration Method <i>S. V. Chistyakov</i>	S40
Variations of the v -Change of Time in Problems with State Constraints <i>A. V. Dmitruk and N. P. Osmolovskii</i>	S49
Method of Limiting Differential Inclusions for Nonautonomous Discontinuous Systems with Delay <i>I. A. Finogenko</i>	S65
On the Solution of a Differential Game of Managing the Investments in an Advertising Campaign <i>E. V. Gromova, D. V. Gromov, and Yu. E. Lakhina</i>	S75
On the Convergence of Solutions of Variational Problems with Implicit Constraints Defined by Rapidly Oscillating Functions <i>A. A. Kovalevsky</i>	S86
Automorphisms of a Distance-Regular Graph with Intersection Array $\{176, 135, 32, 1; 1, 16, 135, 176\}$ <i>A. A. Makhnev and D. V. Paduchikh</i>	S102
On a Class of Optimal Control Problems for Functional Differential Systems <i>V. P. Maksimov</i>	S114
On the Coincidence of the Minimax Solution and the Value Function in a Time-Optimal Game with a Lifeline <i>N. V. Munts and S. S. Kumkov</i>	S125
Construction of a Strong Nash Equilibrium in a Class of Infinite Nonzero-Sum Games <i>L. A. Petrosyan and Ya. B. Pankratova</i>	S140

Multiple Capture in a Group Pursuit Problem with Fractional Derivatives <i>N. N. Petrov</i>	S150
On Integral Lebesgue Constants of Local Splines with Uniform Knots <i>V. T. Shevaldin</i>	S158
Penalty Function Method and Regularization in the Analysis of Improper Convex Programs <i>V. D. Skarin</i>	S166
An Estimate for the Hausdorff Distance between a Set and Its Convex Hull in Euclidean Spaces of Small Dimension <i>V. N. Ushakov and A. A. Ershov</i>	S178
On Fixed Points of Multivalued Mappings in Spaces with a Vector-Valued Metric <i>E. S. Zhukovskiy and E. A. Panasenko</i>	S191
