Vol. 44, No. 11, 2019

Satellite Monitoring of Natural Hazards on the Territory of Russia <i>V. V. Asmus, G. M. Ioffe, L. S. Kramareva, V. A. Krovotyntsev, O. E. Milekhin, and I. A. Solov'eva</i>	719
The System for Numerical Prediction of Weather Events (Including Severe Ones) for Moscow Megacity: The Prototype Development <i>G. S. Rivin, R. M. Vil'fand, D. B. Kiktev, I. A. Rozinkina, K. O. Tudriy, D. V. Blinov, M. I. Varentsov, T. E. Samsonov, A. Yu. Bundel', A. A. Kirsanov, and D. I. Zakharchenko</i>	729
Assessment of Modern Changes in Maximum River Flow in Russia <i>V. Yu. Georgievskii, E. A. Grek, E. N. Grek, A. G. Lobanova, and T. G. Molchanova</i>	739
Monitoring of Dangerous Ice Phenomena Using Satellite Imagery and Model Simulation <i>V. G. Smirnov, I. A. Bychkova, N. Yu. Zakhvatkina, E. U. Mironov, and S. V. Klyachkin</i>	746
International Practices of Thunderstorm Nowcasting <i>A. R. Ivanova</i>	756
Automated Forecasting of Waterspouts off the Black Sea Coast of Russia and Its Performance Assessment <i>O. V. Kalmykova, V. M. Shershakov, M. A. Novitskii, and B. Ya. Shmerlin</i>	764
Drought Monitoring Based on Ground and Satellite Data <i>A. D. Kleshchenko, V. V. Asmus, A. I. Strashnaya, V. A. Krovotyntsev, O. V. Virchenko, O. V. Savitskaya, O. V. Bereza, E. V. Vasilenko, V. V. Sukhareva, Yu. A. Morgunov, and S. A. Kosyakin</i>	772

Instruments, Observations, and Processing

Wind Shear Detection from Weather Radar Data <i>D. A. Denisenkov, V. Yu. Zhukov, and G. G. Shchukin</i>	782
