

# SIBERIAN MATHEMATICAL JOURNAL

A translation of *Sibirskii Matematicheskii Zhurnal*

Volume 48, Number 3

May–June, 2007

## CONTENTS

Engl./Russ.

|                                                                                                                                                                   |     |     |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----|
| <b>Yu. L. Ershov, S. S. Kutateladze, and I. A. Taĭmanov,</b> <i>Fifty Years of the Siberian Division of the Russian Academy of Sciences</i> .....                 | 385 | 483 |
| <b>V. G. Bardakov and R. V. Mikhaĭlov,</b> <i>On the Residual Properties of Link Groups</i> .....                                                                 | 387 | 485 |
| <b>D. A. Berdinsky and I. A. Taĭmanov,</b> <i>Surfaces of Revolution in the Heisenberg Group and the Spectral Generalization of the Willmore Functional</i> ..... | 395 | 496 |
| <b>W. Wang,</b> <i>On Stability of CR-Mappings Between Nilpotent Lie Groups of Step Two</i> ..                                                                    | 408 | 512 |
| <b>R. A. Vikent'ev,</b> <i>On the Isomorphism Problem in the Class of Extensions of a Free Group by an Infinite Cyclic Group</i> .....                            | 428 | 536 |
| <b>O. L. Vinogradov,</b> <i>Sharp Error Estimates for the Numerical Differentiation Formulas on the Classes of Entire Functions of Exponential Type</i> .....     | 430 | 538 |
| <b>S. A. Guda and V. I. Yudovich,</b> <i>The Coupled Problem of a Solid Oscillating in a Viscous Fluid Under the Action of an Elastic Force</i> .....             | 446 | 556 |
| <b>V. S. Guliyev and Sh. A. Nazirova,</b> <i>A Rearrangement Estimate for the Generalized Multilinear Fractional Integrals</i> .....                              | 463 | 577 |
| <b>R. del Campo and E. de Amo,</b> <i>Sequential Density Techniques for an Approximate Radon–Nikodým Theorem</i> .....                                            | 471 | 586 |
| <b>M. Kirane and N. Tatar,</b> <i>Absence of Local and Global Solutions to an Elliptic System with Time-Fractional Dynamical Boundary Conditions</i> .....        | 477 | 593 |
| <b>K. V. Kostousov,</b> <i>The Cayley Graphs of <math>\mathbb{Z}^d</math> and the Limits of Vertex-Primitive Graphs of HA-Type</i> .....                          | 489 | 606 |
| <b>V. I. Kuz'minov and I. A. Shvedov,</b> <i>On the Operator of Exterior Derivation on the Riemannian Manifolds with Cylindrical Ends</i> .....                   | 500 | 621 |
| <b>A. A. Maksimenko and A. S. Mamontov,</b> <i>The Local Finiteness of Some Groups Generated by a Conjugacy Class of Order 3 Elements</i> .....                   | 508 | 631 |
| <b>A. M. Meirmanov,</b> <i>Nguetseng's Two-Scale Convergence Method for Filtration and Seismic Acoustic Problems in Elastic Porous Media</i> .....                | 519 | 645 |
| <b>A. G. Pinus,</b> <i>The Computability Potential Scale of All Finite Algebras</i> .....                                                                         | 539 | 668 |
| <b>A. N. Skiba and O. V. Titov,</b> <i>Finite Groups with C-Quasinormal Subgroups</i> .....                                                                       | 544 | 674 |
| <b>Yu. V. Sosnovskii,</b> <i>The Hypercentral Structure of the Group of Unitriangular Automorphisms of a Polynomial Algebra</i> .....                             | 555 | 689 |
